What you can expect to pay for your GLP-1

Beginning in 2027, weight-management GLP-1 medications will no longer be covered through your pharmacy benefit. To support access to these medications, Frontdoor has partnered with Digbi.

1

The manufacturer sets the price

LillyDirect or NovoCare Pharmacy, by medication and dose.

2

Frontdoor adds $200

Added to your subsidy card on the 1st of each month.

3

You pay the rest

Add it to your card, then pay with the card.

How to use your subsidy card

1. **Enroll in Digbi**

   Take the 2-minute eligibility quiz at https://go.digbihealth.ai/frontdoor, then download the Digbi app.

2. **Activate your card**

   Your subsidy card is a virtual payment card from RxSaveCard. Use the activation code Digbi emails you, then complete a quick identity check. It is not a credit check.

3. **Get your prescription**

   From your doctor, sent to LillyDirect or NovoCare Pharmacy.

4. **Add the difference**

   If your total, including tax and any needles, is more than $200, add the rest to the card so it covers the full amount.

5. **Check out**

   Pay with your subsidy card only, and choose home delivery.

Who to contact

- **Coverage questions:** Call the number on your member ID card, or contact the Frontdoor benefits team.

Key questions

I already take a GLP-1. Do I need to qualify again?

No. If Express Scripts approved your GLP-1, that approval counts. You still need to enroll in Digbi and have a current prescription.

How do refills work?

Your $200 is added on the 1st of each month and does not roll over. Order early: Home delivery takes about a week.

Do I need to stay active in the app?

No. There is no monthly activity requirement to keep your subsidy.

Can I use my HSA or FSA?

Load your share onto your subsidy card with a personal debit or credit card, not your HSA or FSA card. Then download the receipt and claim only what you paid. Your HSA or FSA administrator decides what qualifies.

Digbi is offered to Frontdoor employees, spouses, and adult dependents enrolled in the BCBS Tennessee medical plan who meet the clinical eligibility criteria.
